The best superyachts for adventure charters

SEE ITINERARY. PAGE 152

ARCTIC

Few yachts emanate such pedigree as 87.6-metre *Arctic*, whose rugged exterior betrays her former life as a tug. Today, *Arctic* is one of the world's finest explorers and comes with a long-standing crew of 28 for 12 guests. *Arctic's* toy box is brimming with high-octane fun, with a Sea-Doo, kayaks, SUPs and diving equipment to choose from. y.co

PLANET NINE

If you're keen to explore cooler climes, *Planet Nine* ticks all the boxes. Ice-classed 1D by Lloyd's, the 73-metre yacht has thick hull plates, strong frames and bulkheads that can take on sea ice up to 15 centimetres thick. On board there is gear for diving, heli-skiing and mountain biking. *Planet Nine* really is ready to roam to any destination and you won't be short of activities when you get there. burgessyachts.com

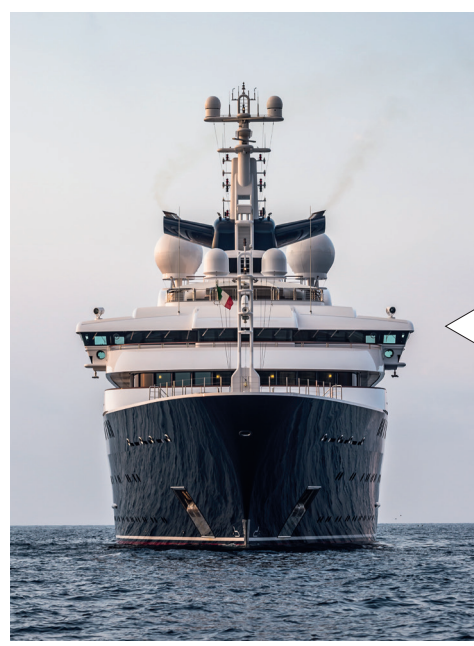

HANSE EXPLORER

Following an all-encompassing refit in 2021, 48-metre *Hanse Explorer* returned to the market revived and ready to take on the world once more. Her rugged, steel-hulled exterior boasts the highest commercial ice classification, and her interiors are bright and distinctly contemporary. This is the vessel of choice for those after a real expedition as there are very few places *Hanse Explorer* can't get to. eyos-expeditions.com

OCTOPUS

Octopus took the world by storm last year when she arrived on the charter market for the first time. The 126 metre remains one of the most famous explorer yachts on the water. With eight decks, the boat is brimming with amenities, including a glass-bottomed observation lounge, a cinema, a heated freshwater swimming pool and multiple spa pools. camperandnicholsons.com
